

Pennsylvania

Pennsylvania General Comments

- Letterkenny Army Depot is transformed into a designated DoD Center of Industrial and Technical Excellence (CITE) for the inclusive commodity of tactical missiles and all associated Depot Level Repairable components.
- Tobyhanna Army Depot is transformed into a designated DoD Center of Industrial and Technical Excellence (CITE) for the inclusive commodity of communications and electronics and all associated Depot Level Repairable components.
- Closing RC facilities is offset by the construction of modern AFRCs that will be the right size and design to support units that will be stationed there. Transforming RC facilities in Pennsylvania will improve training, readiness and quality of life for more than 4300 RC soldiers, full-time unit support personnel, and their families.

Reserve Component

Gains:

- Build 6 Armed Forces Reserve Centers

Losses:

- Close 19 Army Reserve Centers
- Disestablish the HQ 99th Regional Readiness Command and move to a new headquarters at Ft Dix
- Close 4 National Guard Readiness Centers with State permission
- Close Charles E. Kelly Support Center and relocate unit to Pitt Army Reserve Center

Letterkenny Army Depot

BRAC 2005 Recommendation:

BRAC 05 recognizes Letterkenny Army Depot as a designated DoD Center of Industrial and Technical Excellence (CITE) for the inclusive commodity of tactical missiles and all associated Depot Level Repairable components. In addition, the recommendations expand an existing capability for Depot Maintenance on tactical and wheeled vehicles. This transformational process reduces duplication of capabilities into a robust multi-functional maintenance center that capitalize on the best business practices of DoD's Industrial Base and the ability to partner with civilian industry to achieve maximum utilization of existing capacity of both while achieving the most favorable economic efficiencies for all of DoD.

(Letterkenny AD cont)
