

Competitive Sourcing Operational Order No. 3.1
Performance Accountability – Information Management/Information Technology

Operational Order

16 AUG 2006

This operational order charters the Information Management/Information Technology (IM/IT) Customer Board of Advisors.

RONALD L. JOHNSON
Major General, US Army
Delegated Competitive Sourcing Official

CHARTER
Information Management/Information Technology
Customer Board of Advisors

ESTABLISHMENT

The existing Executive Functional Assessment Team (EFAT) will serve as a forum to address performance accountability issues involving the Information Management/Information Technology (IM/IT) Most Efficient Organization.

SPONSOR

The Strategic Sourcing Program Office (SSPO) is the staff arm for the Delegated Competitive Sourcing Official (DCSO), advises the board, and provides administrative support for performance accountability issues addressed by the board.

CHAIR

The DCSO chairs board meetings involving performance accountability issues. In the absence of the DCSO, the Strategic Sourcing Program Manager (SSPM) serves as chair.

ADVISORS

On matters involving performance accountability issues:

The Agency Tender Official (ATO)
Head of the Continuing Government Organization (CGO)

MEMBERS

The members of the existing EFAT comprise the board. On matters involving the commitment and expenditure of resources involving the MEO, the EFAT voting members are the Directors of Civil Works, Military Programs, and Research and Development.
