

## ***Aberdeen Proving Grounds***

### **BRAC 2005 Recommendation:**

*The Army transforms Aberdeen Proving Ground (APG) to a full spectrum research, development, acquisition, test and evaluation (T&E) center for C4ISR, Defense Chemical and Biological Systems. The realignment will enhance the installation's value of research, acquisition, and test and provide for economies in the use of equipment and expertise. This recommendation also consolidates the Army Test and Evaluation Command (ATEC) Headquarters and Civilian Personnel Offices at Aberdeen Proving Ground, MD.*

### **Gains:**

- Vehicle Technology Directorates of Army Research Laboratory Langley and Army Research Laboratory Glenn
