TO THE STUDENTS OF THE 2007 CAPTAINS CAREER COURSE

Congratulations on continuing your military engineer education. The SAME mission is "to promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public and private sector engineers and related professionals." We would like you to become a part of our SAME family.

We are offering you a free membership through December 2008. You can sign up once you have received notification of your follow-on duty station and can provide SAME with your new mailing address and contact information. This will enable us to stay in touch with you following graduation and afford you the opportunity to join the SAME Post nearest your duty station.

SAME membership offers you:

- Close association with multi-disciplinary, military and civilian engineers who are leaders in the national security arena
- Participation in professional engineering activities that include seminars, military engineering workshops, field trips to engineering projects and access to the training and education offered by other professional societies with which SAME has strategic alliances including:
 - International Facility Management Association (IFMA)
 - Construction Management Association of America (CMAA)
 - National Society of Professional Engineers (NSPE) which offers review courses for the Fundamentals of Engineering and Professional Engineer
- Recognition for outstanding engineer achievements through the SAME awards programs; and
- Informative publications such as **The Military Engineer** magazine, **Government and Industry e-News**, and **SAME News**, our bi-monthly newsletter on SAME activities.

We hope that through your free membership you will have a chance to enjoy the many opportunities SAME membership provides and will see the value of renewing your SAME membership in December 2008. As a Young Member, under age 36, the cost of renewal will be just \$35, and you are allowed to join up to two local Posts. If there is no SAME Post near your duty station, you can still join SAME with no Post affiliation.

To take advantage of your free SAME membership, go to www.same.org/join and download an application for Individual Members. Complete the application and instead of paying the \$35.00 dues for a Young Member, enter the code **ACCC**, and mail the application to 607 Prince Street, Alexandria, VA 22314. Should you have any questions or require assistance, please contact Ms. Christine Gruszkowski, Individual Membership Specialist, at 703-549-3800 Ext 123 or by e-mail at christine@same.org. We look forward to having you as a SAME member.

Sincerely,

Dr. Robert D. Wolff, P.E., F.SAME
Executive Director
